## COVID-19 Updates - December 29th - Activities Cancelled through January 10th

Dear ISB Community,

Following consultation with the office of the Governor of Nonthaburi, we will be extending our current campus closure through 10th January. **Regrettably, this means that scheduled camps and activities (from the 4th to 10th January period) will be cancelled.**

We understand there will be concerns about the possible implications of increased COVID-19 cases in Thailand. We are preparing for all outcomes and will continue to update you as we receive official information. We remain in regular contact with Nonthaburi government officials and with the Ministry of Public Health.

Access to campus is currently restricted to employees and contractors. All staff and contractors entering the ISB campus are completing self declarations confirming that no travel (anyone in the household) has occurred to any "Highly Controlled Zones" (currently Samut Sakhon). Should things change within Thailand, these declarations will be updated as necessary.

Everyone should continue to take the vital precautions of wearing masks (remembering to cover both their nose and mouth), observing physical distancing, and regularly washing hands. Please consider avoiding large gatherings where the aforementioned becomes difficult (i.e. fresh markets, concerts, etc), and we encourage all to download and utilize the Thai Chana application to assist with contact tracing.

Please stay tuned to alerts from the Ministry of Public Health (English) via this [link](#) during the holiday break. The daily report from the Ministry of Public Health that occurs around 11.00 each morning is followed by an English translation by the Ministry of Foreign Affairs available on most local TV stations and this [link](#), around 11:45.

Parents can expect to complete new self declaration forms before the start of school in January. As the new semester approaches, a link will be sent to parents addressing locations impacted.

If you have questions about the current situation in Thailand, please feel free to contact:
