Masks

Masks as we all know are an important part of our defense to bring children safely back to campus. After meeting with the representatives from the Nonthaburi Provincial Ministry of Health last week, we will be requiring either **surgical masks or full-cloth masks** to be used while on campus for students, teachers, and ancillary personnel. Foam masks or masks with a valve are not permitted.

The Health Center will have surgical masks in adult and children's sizes if any masks are soiled or need to be replaced during the day. We recommend that all students (and adults) have a couple of extra masks with them when they come to school. For any inquiries, please contact isbnurse@isb.ac.th.
