

International School Bangkok

ISB Update - Sunday 14 November 2021

Dear ISB Community,

We are aware that a small number of HS students attended a privately organized party on 6th November involving around 500 attendees that also included students from other international schools in Bangkok.

We have also confirmed that one HS student who attended this party has tested positive for COVID-19. Any other ISB students who attended this event are considered high risk close contacts and must self isolate at home for 10 days (if vaccinated) or 14 days (if not vaccinated). Any siblings that reside in the same household must also remain home for 10 or 14 days, depending on vaccination status. A series of negative ATK tests (Wednesdays and Sundays) will be required before reentry to campus on Monday 22nd November.

Parents should reach out to the HS administration today if they know that their child attended this event - Mr Alexander, Mr Vaughan or Ms McMillan. The HS administration will also be contacting families in instances where we have reason to believe a student attended the party on 6th November.

We remind everyone in our ISB community that it is important to avoid crowded events involving a large number of people. We have worked very hard to reopen the campus to students and we do not wish to be in a position where we must close again.

Please reach out if you have any questions or concerns.

International School Bangkok

All the best.

Andy
